

MORNING APPEAL

TUESDAY, FEBRUARY 21

SHORT SIGHTED ECONOMY.

The Reno Gazette wants the tickets used under the Australian ballot system printed at the State office.

The law provides that only State work can be done there, county ballots could not be printed there. The State office was not intended as a competitor for private enterprises. One might as well say that the counties get their letter heads done at the State office and by going a step further, print bill heads and business cards for merchants.

Several people seem to labor under the idea that the printing offices in the State are unable to do the work. This idea has gained ground by reason of a tricky and misleading circular sent all over the State last Fall by a Virginia City job office to the effect that the work could only be done at that particular place, and that this particular office had indulged in enormous expenditures for machinery to be able to handle the work. The extra machinery necessary to enable the Australian ballots to be printed, can be placed in any office in the State.

The extra expense of printing these ballots last Fall was caused in many instances by County Clerks assuring the Boards of Commissioners that it would have to be done below in order that the Clerks might be able to take a junketing trip to the Bay at the expense of the taxpayers.

All election printing should be done in the State.

THE WASHOE ANNEXATION.

A portion of the people of Washoe county living nearest the county seat of Ormsby have petitioned the Legislature to annex them to Ormsby.

The request came from Washoe county, not from Ormsby and Ormsby was ready to accede to their wishes.

They find Carson a nearer and better market, and would prefer it as a county seat.

Washoe threatened to move the Prison if the bill passed. Their Prison removal threat is an old threadbare bluff and nothing else. The bill was desired by the Washoe county petitioners, and should have passed.

Senator Stewart's amendment to the Sherman Nicaragua canal scheme is a good one. It places the building of the canal under government supervision, wipes out the old Wall street syndicate and provides that all government money shall be expended under the direction of the Secretary of War. This in substance would make the Nicaragua canal a National interest instead of a private bond grabbing scheme. Senator Stewart has a level head.—Denver News.

To Hear Bill.

About fifty people went down on a special last evening to hear Bill Nye and came back reporting that they had been delightfully entertained.

Some parties who had passes, which are not good on special trains, decided to wait for the regular passenger train, which was nearly an hour late, caused by a delay of the C. & C. at Hawthorne.

The Carson Guard Ball.

On Wednesday evening the Carson Guard will give a ball which is likely to be the social event of the present season. It will be a grand affair in all respects. The reputation of the Guards in that direction is sufficiently well established to insure a perfect success.

Benton's Liniment.

Which has been used in Carson for over twenty-five years, has saved many an ache and pain to those who know it. It is really intended for horses but works with the same magical effect on the human. It is a powerful remedy and for rheumatism is the king of the world. Aches knocked out in short order. No horseman should be without a bottle.

Benton's Liniment for sale at all drug stores. Leave orders at this office or the Briggs Hotel, if you want your horse shingled. We are ready to do anything in the repair line, and will guarantee good work. Give us a trial. We will also lay carpets or take them up.

Vale and Manrey. All sorts of stationery, books, smokers' outfits and jewelry at John G. Fox's.

A Mighty Fire.

No one should miss the Revival Meetings held in the Methodist Church each night this week. A great work of grace is in progress.
